

What is Shelter Pulse?

WHO WE ARE

Shelter Pulse is a project partnership between the **Rural Development Network** and **Mountain Rose Women's Shelter Association**.

WHAT WE DO

We're creating an **online database** of standardized, trauma-informed policies for Women's Shelters across Canada.

WHY WE DO IT

Rural, remote, and Northern Women's Shelters have it rough:

LIMITED
BUDGETS

INCREASED
COMMUNITY
DEPENDENCY

LESS
STAFF

We're **helping to build capacity** by taking on the administrative work, so shelters can focus on serving their communities.
